BKE Studio

EXTRA DESIGN REVISION

One more round of changes

Thank you for your order! This is one more round of changes to your custom wedding website design, after the 2 rounds your custom design includes.

What you bought

One round of changes to your custom design: the opening, artwork, colors or fonts. This listing is only for couples who ordered a custom design from our shop. If you have not ordered a custom design, please message us on Etsy before anything else.

Your next step: send us your changes

Reply in the Etsy conversation of this order (or of your custom design order) with:

- All the changes you want in this round, together in one message: the opening, artwork, colors or fonts
- Pictures or color examples if they help (a share link is fine)

When it is ready

We send you the updated design **within 3 days of receiving your changes**, in the Etsy conversation.

Good to know

- One purchase = one round of changes. Buy the listing again for another round.
- Not included: your names, dates, photos and texts. You change those yourself in your editor at any time, free (or with our setup service). A completely new design idea is a new custom design order.
- Your design stays yours alone: we never sell it to anyone else.

Returns

No returns, exchanges or cancellations once we have started your changes. If a change we made does not match what you asked for, message us on Etsy and we will fix it.

Questions or a problem?

Message us on Etsy (we reply within 24 hours) or e-mail bkestudio@gmail.com. Please include your Etsy order number.
